PROFESSIONAL SUMMARY

Results-oriented Technical Lead with 23+ years of experience architecting and delivering scalable web applications. Expert in modernizing legacy LAMP systems, migrating to cloud infrastructure (AWS), and leading cross-functional teams. Proven track record in building high-volume distributed systems, IoT platforms, and enterprise CRM solutions. Strong focus on code quality, CI/CD automation, and AI-assisted development workflows.

TECHNICAL SKILLS

Core Stack: PHP, MySQL, Apache, Linux (LAMP)

Modern Stack: Node.js, TypeScript, NoSQL, REST APIs

Cloud & DevOps: AWS, CI/CD, JIRA, Bitbucket, Docker

Architecture: Microservices, Load Balancing, Clustering

Leadership: Team Building, Client Relations, Mentoring

Tools: Git, Postman, VS Code, Serverless Framework

EXPERIENCE

Technical Lead

May 2016 – Sep 2021 | Dec 2022 – Present

KMS Advisory Services Pvt. Ltd. | Ahmedabad

- Architecting solutions for complex business requirements; leading logical and physical module design.
- Implementing modern tools and technologies to streamline development cycles.
- Managing sprint releases and ensuring adherence to quality standards.

Technical Head

Oct 2021 – Sep 2022

INFIRAISE (Vivaansh Edutech Pvt. Ltd) | Gandhinagar

- Led architecture design and development approach for complex web applications.
- Built and mentored front-end development teams; conducted code reviews and training.
- Managed build pipelines, release strategies, and server deployments.
- Developed Proof of Concepts (POCs) to unblock team progress on complex requirements.

Technical Leader

Jan 2016 – Apr 2016

Volansys Technologies Pvt. Ltd. | Ahmedabad

- Managed project plans, WBS, and cross-departmental resource allocation.
- Ensured timely delivery and quality compliance for client projects.

Member Technical Staff

Jul 2013 – Dec 2015

Sibridge Technologies Pvt. Ltd. | Ahmedabad

- Built and expanded software teams for web and mobile application development.
- Collaborated with embedded system developers to design compatible IoT solutions.
- Configured servers and conducted hardware/software testing.

Team Leader

Apr 2009 – Jul 2013

Bittech Systems Pvt. Ltd. | Ahmedabad

- Consulted with management and engineering to clarify program intent and develop system architecture.
- Trained subordinates in programming and program coding; coordinated team activities.
- Prepared detailed technical documents and diagrams for input/output logical operations.

Team Leader

Jul 2007 – Mar 2009

Rightway Solution Pvt. Ltd. | Ahmedabad

- Collaborated with system analysis team for requirement gathering and effort estimation.
- Researched new tools and technologies; worked on Proof of Concepts (POCs).
- Dedicated development for specific international client requirements.

Previous Roles (2003 – 2007)

4 Years

Juriscap, Indusa, Marginz, Majolee | Ahmedabad

- Held roles including Sr. PHP Programmer and Software Developer.
- Delivered UK-based Accounting Systems, Legal Research platforms, and ERP systems.
- Managed full-cycle development from requirement analysis to server release.

KEY PROJECTS

Enterprise CRM — Travel Industry

PHP, MySQL, Apache, Linux, Dojo, HTML5

Current ongoing project involving active development, legacy migrations, and feature expansion. Managing complex booking workflows and multi-channel operations across European markets with high-volume transactions.

OTUIndia — Microservices Platform

Java Microservices, Angular, Android, iOS, AWS

Guided team on Microservice-based architecture; set up frontend development environment. Managed build generation and release on AWS servers for a platform uplifting unorganized workforce.

IoT Platform — Wireless Sensor Networks

Embedded Systems, Web/Mobile Apps, Server Config

Bridged low-level embedded hardware with enterprise web/mobile apps. Built team from scratch to process real-time sensor data and deliver cross-domain solutions.

Job Search Engine — Distributed Architecture

Distributed Systems, Load Balancing, Clustering

Architected platform handling 5M+ listings. Implemented URL-based crawler mapping across 17 servers with load balancing and clustered databases for sub-second search.

EDUCATION & CERTIFICATIONS

DOEACC "O" Level — MIT, Govt. of India (Jan 2002)

Advanced Electronic Commerce — Govt. of Gujarat (Jan 2002)

E-Business Gateway DCSA — ITC Mogri (Jan 2002)

B.Com — SPU, V.V. Nagar (Apr 2000)
